

History and Physical Note

Patient: Isabella Rossi
DOB: 04/09/1988
Gender: Female
Phone: +1-555-0105
Address: 303 Willow Way, Meadowville
Visit Date: 04/07/2026

Subjective Notes:

Isabella describes feeling 'on edge' for the past several months. Reports difficulty concentrating at work and trouble falling asleep due to racing thoughts about daily tasks.

Objective Notes:

Vitals: BP 118/76, Pulse 88, Temp 98.6°F. Patient appears anxious and restless. Affect is congruent with mood. No suicidal ideation.

Assessment Notes:

Diagnosis: Generalized Anxiety Disorder (F41.1)

Plan Notes:

Initiate Sertraline 25mg daily. Referral to Cognitive Behavioral Therapy (CBT). Follow up in 4 weeks to assess medication response.
