

History and Physical Note

Patient: Lucas Silva
DOB: 04/09/1981
Gender: Female
Phone: +1-555-0108
Address: 606 Cherry St, Valley Stream
Visit Date: 03/04/2026

Subjective Notes:

Lucas reports feeling unusually tired, cold all the time, and has noticed a 10lb weight gain over 3 months despite no change in diet. Reports dry skin and constipation.

Objective Notes:

Vitals: BP 110/70, Pulse 62, Temp 97.8°F. Skin appears dry. Delayed relaxation phase of deep tendon reflexes. Thyroid not palpably enlarged.

Assessment Notes:

Diagnosis: Hypothyroidism (E03.9)

Plan Notes:

Start Levothyroxine 50mcg daily. Repeat TSH and Free T4 in 6 weeks. Discussed importance of taking medication on an empty stomach.
