

History and Physical Note

Patient: Maya Patel
DOB: 04/09/1984
Gender: Female
Phone: +1-555-0103
Address: 101 Cedar Ln, Hilltop
Visit Date: 02/24/2026

Subjective Notes:

Maya reports a 3-day history of severe, unilateral throbbing headache. Associated with nausea and sensitivity to light and sound. Describes these as recurrent episodes.

Objective Notes:

Vitals: BP 125/82, Pulse 74, Temp 98.5°F. Neurological exam intact. No focal deficits. Cranial nerves II-XII normal.

Assessment Notes:

Diagnosis: Migraine without aura (G43.009)

Plan Notes:

Prescribed Sumatriptan 50mg at onset of headache. Advised to maintain a headache diary and identify triggers. Rest in a dark, quiet room during attacks.
