

History and Physical Note

Patient: Noah Williams
DOB: 04/10/2007
Gender: Male
Phone: +1-555-0106
Address: 404 Elm Dr, Forest Park
Visit Date: 02/18/2026

Subjective Notes:

Noah presents with a flare-up of acne on his face and upper back. Reports trying over-the-counter washes with minimal success. Feels self-conscious about his appearance.

Objective Notes:

Vitals: BP 115/70, Pulse 70, Temp 98.3°F. Multiple inflammatory papules and pustules on the forehead, cheeks, and shoulders. Some comedones present.

Assessment Notes:

Diagnosis: Acne Vulgaris (L70.0)

Plan Notes:

Start Adapalene 0.1% gel nightly. Prescribed Doxycycline 100mg twice daily for 3 months. Advised on gentle skin care and sun protection.
