

History and Physical Note

Patient: Oliver Brown
DOB: 04/09/1954
Gender: Male
Phone: +1-555-0104
Address: 202 Birch Blvd, Sunnyside
Visit Date: 02/24/2026

Subjective Notes:

Oliver reports chronic pain in both knees, worse on the right. Pain is sharp during morning stiffness and after long walks. Denies recent injury.

Objective Notes:

Vitals: BP 138/88, Pulse 72, Temp 97.9°F. Crepitus noted on range of motion of both knees. Reduced flexion on the right side. Mild joint space narrowing on previous X-ray.

Assessment Notes:

Diagnosis: Bilateral Osteoarthritis of Knees (M17.0)

Plan Notes:

Recommend low-impact exercise like swimming. Acetaminophen 650mg up to three times daily. Referral to Physiotherapy for strengthening exercises.
